

شركة دلتا العربية للصناعة
ARABIAN DELTA
OIL FIELD & INDUSTRIAL HYDRAULICS

تقديم حلول مبتكرة OFFERING INNOVATIVE SOLUTIONS

POWER PACK

VALVES

PUMP

CYLINDER

SEALS

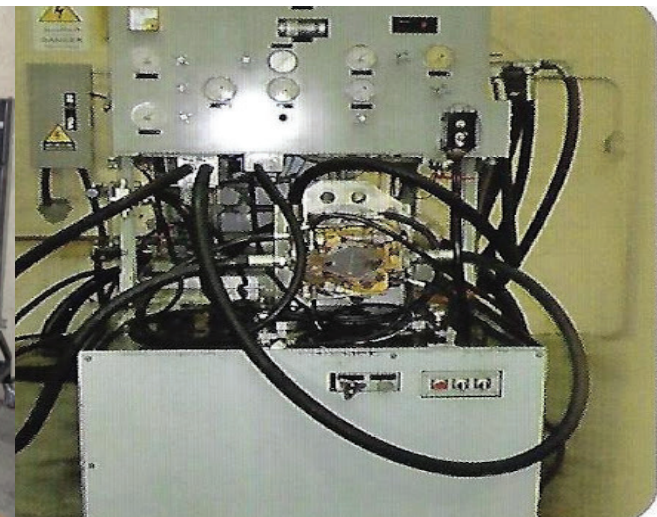

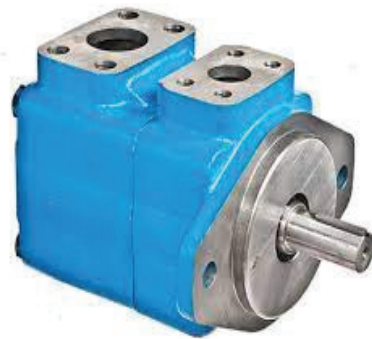

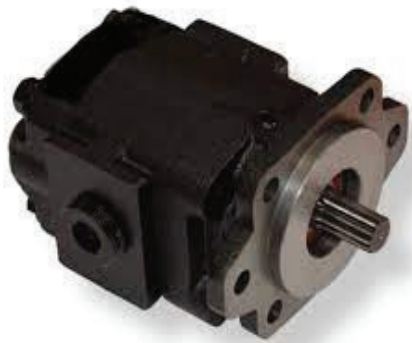

INDUSTRIAL / MOBILE / OILFIELD HYDRAULICS & BOLTING SERVICES

صيانة المضخات الهيدروليكية، المحركات صمامات التحكم،

SALES & SERVICE OF HYDRAULIC PUMPS, MOTORS & CONTROL VALVES

We repair various types & brands of Hydraulic Pumps, Motors & Control Valves.

Test pressure up to 6000 PSI.

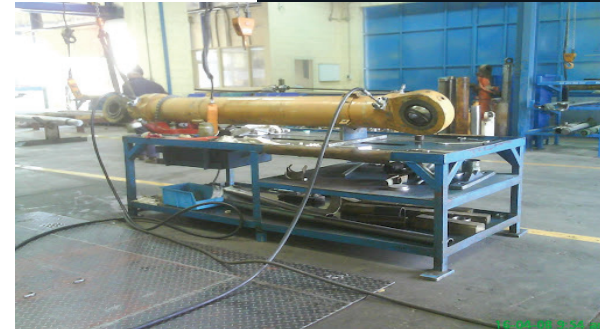

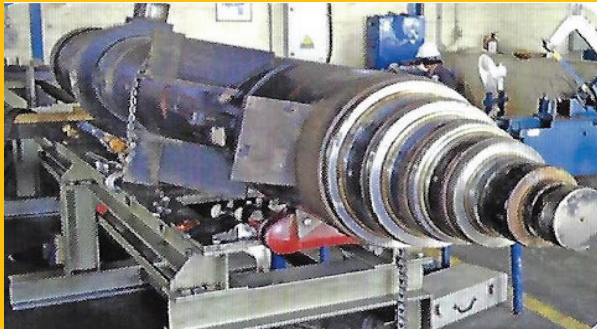

صيانة الأسطوانات الهيدروليكية والهوائية

SERVICING OF HYDRAULIC & PNEUMATIC CYLINDERS

We repair and manufacture various types of Hydraulic and Pneumatic Cylinders.

Test pressure up to 6000 PSI.

تصنيع الحلقات و مانعات التسرب بمواصفات خاصة

FABRICATION OF CUSTOMIZED SEALS & O-RINGS

We manufacture customized Seals & O-Rings based on Drawings / Samples / Accessories. Various materials are used including Polyurethane, NBR, Viton, EPDM, Teflon, etc.

Manufacturing capacity up to OD 550 mm.

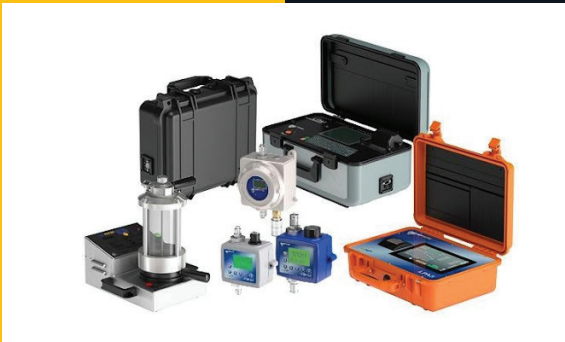

تصنيع وصيانة وتعديل لأحزمة الطاقة الهيدروليكية

HYDRAULIC POWER PACK FABRICATION

We offer custom build Hydraulic Power Packs, Modification & Servicing.

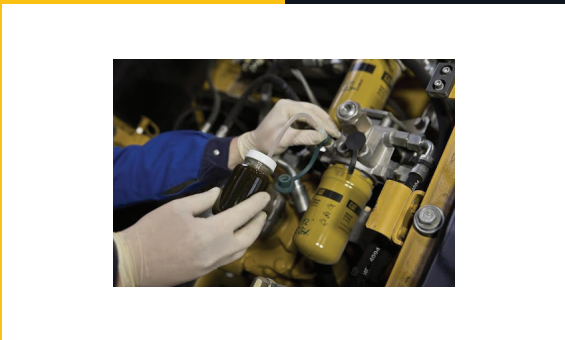

OIL CONTAMINATION MONITORING

OIL FILTRATION SYSTEMS

OIL SAMPLING

حلول خاصة لتلوث الزيوت

SPECIALIZED OIL CONTAMINATION SOLUTIONS

Inline monitoring of oil contamination levels, 3rd party laboratory testing of oil samples, filtration/cleaning of contaminated oil by removing solid particles absorbing moisture, oxidation residues like varnish/tar etc. We guarantee super fine filtration up to 2 micron & oil cleanliness of NAS 7 / ISO 16/14/11 or better.

Types of Fluids

Lube Oil, Turbine Oil, Hydraulic Oil, Transformer Oil, Transmission Oil & Fuel.

الخراطيم الهيدروليكية والتجهيزات

HYDRAULIC HOSES, FITTINGS, FILTERS & ACCESSORIES

We offer complete range of Hydraulic Hoses & Fittings, Oil Filters & Filtration Units, Stack Mounted Valves, Cartridge Type Valves, Lever Operated Valves, Pressure Control Valves, Flow Control Valves, Directional Control Valves, Accumulators, etc.

حلول الانشاقات و الربط الصناعية

INDUSTRIAL BOLTING SOLUTIONS

Our Bolting Services includes Sales, Service, Calibration & Rental of Tools & Pumps for On-Site jobs.

مركز المعدات

MACHINING CENTER

We provide customer total satisfaction with our expert Machine Shop solutions. Machine shop activities include cutting, shaping and forming parts according to customer specifications.

- Single Acting Cylinders
- Aluminum Cylinders
- Lock-Nut Cylinders
- Flat Body Cylinders & Kits
- Low Profile Cylinders & Kits
- Threaded Cylinders
- Double Acting Hollow Cylinders
- Double Acting Cylinders
- Double Acting High Tonnage Cylinders
- Double Acting High Precision Cylinders
- Hydraulic Hand Pumps
- Electric Pumps
- Mini Jacks, Toe Jacks & Spreaders
- Puller & Puller Kits
- Hydraulic Presses

BVA has a wide range of High pressure (700 BARS) & High Tonnage (up to 1000 TONS) Hydraulic Tools.

Triple R is a world leader in Oil Cleaners.
It has a wide range of Oil Filters & Oil Filtration Units.

THE ABILITY TO

- Remove Contaminants which regular filters cannot
- Remove micron size solid particles
- Remove Condensed moisture
- Remove and reduces oxidation product

BENEFITS

- Prevents Hydraulics related failures and downtime.
- Retards Oxidation and Extends Oil Life
- Increases the life of Hydraulic components, pumps
- Reduces maintenance cost.

TYPICAL APPLICATIONS

- Suitable for large volume systems upto 50,000 litres.
- Maximum viscosity range 680 CST .
- Bearing & Gear Lubrication systems of Cement/ Power/ Steel/ Petrochemical Industries etc
- Specially suitable for super cleaning of newly blended oils in oil blending plants
